Sir,

I have the honour to inform you that the International Atomic Energy Agency (the Agency) requires consultants' advice on "*PSA Quality Guide for Various Applications*" from 17 to 21 November 2003 at the Agency's Headquarters in Vienna.

The objective of this consultants' meeting is to review the public comments made to the draft document, produced on the basis of the previous consultancy held in July 2003, to update and to prepare a final draft.

In this regard, I should be grateful if your Government would make available the services of Mr. Gareth Parry, US NRC, Office of Nuclear Reactor Regulation, Mail Stop 010A1, Washington DC 20555, USA; Telephone: +1 301 415 1464; Fax: +1 301 415 3577 for this consultancy assignment.

The Agency will reimburse USNRC for the consultant's roundtrip travel ticket in accordance with the Agency's procedures for non-staff travel and a subsistence allowance.

It would be appreciated if your Government's nomination could reach the Agency not later than 29 September 2003. Ms. Irina Kouzmina of the Division of Nuclear Installation Safety is the responsible officer who will contact the consultant directly concerning further arrangements.

Accept, Sir, the assurances of my highest consideration.

Ken E. Brockman
Director
Division of Nuclear Installation Safety
for DIRECTOR GENERAL
